### Notification of cosmetics

Dear Mr. Döllein,

Cosmetics has to follow the Framework Council Directive No. 76/768/EEC. It is the same as in the other Member States of EU. European Cosmetic Directive 76/768 is covered by Act. No 258/2000 Coll., as amended, on protection of public health, and Decree of Ministry of Health No 448/2009 Coll. There is no special legislation, you don't need any special permission.

You don't have to notify cosmetic products in the Czech Republic if you already have notified them in EU. In that event, notification of cosmetics (in Czech language only) in the Czech Republic is voluntary. Notification is free of charge.

Yours sincerely

Dr. Anežka Sixtová  
Acting Director of Department of Public Health Protection
